## The Lycée Anna De Noailles' foundation

Thanks to the commitment of private and public actors who promote the French language and culture, French and francophone education is now booming in Romania. The Lycée Français Anna de Noailles - the biggest international secondary school in Romania – the first representation. It is run by an officially recognised Romanian non-profit organisation, bound by an agreement to the Agency of French Education Abroad (AEFE).

## Our history

Our school was first founded by the Union of French citizen in Romania (UFE) in 1920. It was then attached to the French Institute of Bucharest in 1939, before being shut down by the communist regime in 1949. It reopened in 1960 to welcome the children of the French embassy' employees, but it was only in 1990, after the regime collapsed, that our school was finally able to welcome children from other nationalities. In 1998, the French School became the Lycée Français Anna de Noailles. In 2013 it was moved to its current location in the north of Bucharest.
